"Every stroke is a choice. It is an individual & personal decision whether or not you want to win or you want to lose. Whether it is 150 strokes, 200 or 5000, every single time you come up to the catch, you have to decide. Because that concious decision is the difference between first place & last place. Every time you come up to the catch & bring your oar back into the rushing water, you must push off & churn the water with every fibre of your being. No one else can do that for you & you have seven other brothers and/or sisters giving it their all for you."

Legendary!

YOUR HOST *Club*

The Murdoch University Rowing Club (MURC) arose from humble beginnings back in 1992.

A group of Murdoch students decided that it was time the University was represented in the Vice-Chancellor's Cup Regatta and so they organised both a Men's and Women's Eight, to compete in the race.

After the Vice-Chancellor's Cup, a core group of rowers including Richard McLellan and Arthur House, established the Murdoch University Rowing Club.

They obtained a grant of \$20,000 from the University and a boatshed at the Amateur Rowing Association of Western Australia (now Rowing WA) Headquarters, on The Esplanade in Mount Pleasant where they are still to this day.

For more history on the club, visit their website [here](https://www.murdochrowing.com.au/home/).

EVENTS

Rowing is a sport for dreamers. As long as you put in the work, you can own the dream.

Winning a rowing race is not like winning anything else. Here's my theory: you're facing backwards, so you're looking at the people you're beating--and there's something exquisite about that.
